Subject: RE: Updated Dewey Burdock SEIS Files on I drive - combined Chapter 2

Hi Valois,
Sorry for the delay. I just got back from being out at the International Mine Water conference in Golden last week and off the last 2 days. I looked for Carol's comments but I don't seem to have them for Dewey Burdock. I do have her comments for the DOE's Uranium Leasing Program. I'll send her an email even though she is out and see if she can get them to me.

Cindy

Hi Cindy,
I just realized you did not get copied on this email. Lisa wanted to be sure that Carol comments were addressed in these updated sections. Do you have a copy of Carol's comments?
Thanks!

Subject: Dewey Burdock Files on I drive - combined Chapter 2

Hi all – As indicated in the subject line, I have put the preliminary final sections on the I drive under 30 Day Share – NEPA docs – Dewey-Burdock – preliminary final sections. I combined the Chapter 2 sections into one document. I left the Chapter 3 sections that deal with each different media area as separate documents.

Happy reading!
